

Proclamation

By the Governor of Alabama

WHEREAS, prescribed burning is the skilled application of fire under planned weather and fuel conditions to achieve specific management objectives; and

WHEREAS, prescribed burning is a property owner's right and a benefit to society; and

WHEREAS, ecosystems throughout Alabama have developed in an environment in which low intensity fires occur on a frequent interval; and

WHEREAS, as a key tool in the management of Alabama's woodlands, grasslands and wildlife, prescribed fire is the most effective, natural and economical protection against wildfires through the reduction of fuels which have accumulated in the absence of fire and is critical to the ecological integrity of our natural resources; and

WHEREAS, many plants and animals are dependent on the application of prescribed fire for their survival; and

WHEREAS, the approximately one million acres of Alabama's range and woodlands that are burned annually represent only a little more than a quarter of the estimated 3.6 million acres that could benefit from prescribed fire from the coastal plain to the mountains of Alabama; and

WHEREAS, prescribed fire is a traditional land management tool and is part of Alabama's heritage and culture; and

NOW, THEREFORE, I, Kay Ivey, Governor of Alabama, do hereby proclaim March 2020, as

Prescribed Fire Awareness Month

in the state of Alabama.

*Given Under My Hand and the Great Seal of the
Office of the Governor at the State Capitol in the City
of Montgomery on the 28th day of January 2020.*

Kay Ivey

Kay Ivey, Governor
