RE: Flags Lowered in Honor of U.S. Representative Jackie Walorski

In accordance with the presidential proclamation, I am directing flags be flown at half-staff immediately until sunset today, August 4, 2022, in honor of U.S. Representative Jackie Walorski, who tragically passed away yesterday. We also remember the two young members of her staff who lost their lives as well.

The flags are to remain lowered until sunset today, at which point all flags should be raised back to full staff.
