RE: Flags Lowered for Victims of The Covenant School Shooting

I am directing flags be immediately flown at half-staff in remembrance of the lives lost during the senseless act of violence on March 27, 2023 at The Covenant School in Nashville, Tennessee.

The people of Alabama stand in solidarity with our neighbors in Tennessee and will continue to uplift the victims and their families of this tragedy in prayer.

The flags are to be lowered to half-staff immediately until sunset on March 31, 2023, at which point all flags should be raised back to full staff.
